Quality Control Operator

About Sums sub

Sums sub is a tech company that helps businesses stay compliant with different regulations worldwide, steer clear of fraud, and verify clients easily with holistic KYC/AML and anti-fraud solutions.

About the opportunity

Quality Control Operator is a specialist who checks the quality of our automated systems while analyzing and correcting graphic and numerical data. Your work will be a contribution to the new, safer world we're building!

Why would you like it here?

- No work experience is required. You will be surrounded by our attention and support in order to enter the new role and team as comfortably as possible;
- You will receive open opportunities for rapid career growth, including leadership positions, as well as the opportunity for professional growth in any department of the company (in the testing, development, customer support, or training departments).

Our ideal candidate:

- Confidently uses computers and the Internet;
- Knows English to at least B2;
- Can multitask;
- Has developed logical thinking skills and quickly adapts to changes;
- Can navigate a large amount of information and is attentive to detail;
- Not afraid of monotony.

What we offer:

- Office work, we provide all required equipment;
- We will train you in everything you need to work in this position and guarantee regular support in the process;
- Convenient work schedule: morning, evening, and night shifts upon your choice. A floating weekend that can be conveniently adjusted to your study schedule or personal life;
- A transparent system of bonuses. The amount of remuneration directly depends on the time devoted to work, on the speed of processing the applications, and the quality of the work performed (from the first month of employment, bonuses are provided based on the results of work);
- We are a service that works 24/7 without considering official holidays and weekends, but each employee has his or her own agreed schedule.
